FOR IMMEDIATE RELEASE
Seven Bank, Ltd.

**Notice Regarding the Court Decision on the Acquisition of the ATM Business of Global
Access Corp. by FCTI (Seven Bank's Wholly-Owned US Subsidiary)**

Financial Consulting & Trading International, Inc. (location of head office: California, USA; representative: Chairman & CEO Masanori Miyagawa; hereinafter referred to as "FCTI"), which is Seven Bank's wholly-owned US subsidiary, was selected, by a decision of the US Nevada bankruptcy court (the "Bankruptcy Court"), as the final and conclusive acquirer of the ATM business owned by Global Access Corp. (location of head office: Florida, USA; representative: President Kevin L. Reager) and its US subsidiaries (collectively, "Global Access") on September 10, 2013 (September 11, 2013, Japan local time) based on, among others, the outcome of the open bid under Chapter 11, Section 363 of the US Bankruptcy Code, for which a petition was filed by Global Access.

The acquisition will be implemented upon the fulfillment of the conditions precedent to closing pursuant to the asset purchase agreement entered into as of August 5, 2013 (US local time) by and between FCTI and Global Access (the "Asset Purchase Agreement"), and the closing is expected to take place on September 18, 2013. Please be informed that the final and conclusive acquisition price was changed to US\$10,917 thousand from the previously announced US\$10,000 thousand as a result of, among others, the open bid (please note that such price is subject to certain adjustments to be made in relation to the transfer of relevant assets/liabilities on the date of closing of the acquisition. In addition this price might be adjusted for increase, depending on the timing of closing or other adjustment triggering events). Please also note that FCTI has agreed to bear certain costs arising in relation to the acquisition.

Global Access operates its ATM operation/management business involving approximately 4,600 ATMs across the US, and approximately 2,100 of such ATMs are placed by it.

We believe that the acquisition by FCTI of the ATM business owned by Global Access would facilitate the strengthening of FCTI's US ATM business, through the achievement of a larger business scale as well as an improved cost-related competitiveness resulting from such scale expansion, the procurement of additional business sites which are necessary for the efficient operation of business, the expansion of customer base for future growth, the procurement of personnel who are familiar with the US ATM industry/business and otherwise.
